

4-Key Contact Closure Remote Pad

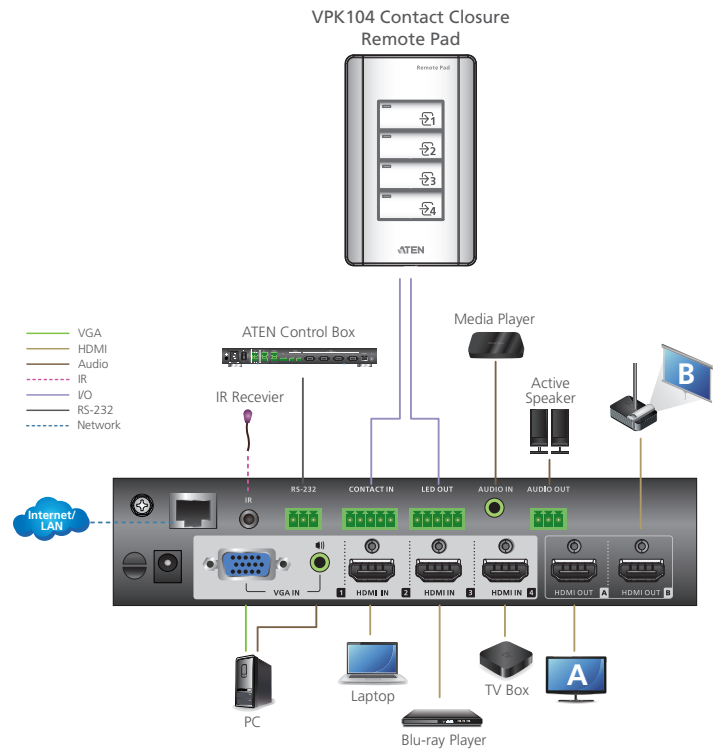

VPK104

- The VPK104 is a 4-button contact closure remote pad designed for use with VP1420/VP1421 Presentation Matrix Switch. By connecting the contact closure ports between the remote pad and a presentation switch, the VPK104 provides a convenient interface to switch the input sources for a video presentation switch from a wall-mounted faceplate. The VPK104 is an easy and affordable solution, perfect to serve as the control interface in a meeting room, class room, or lecture room.

Features

- 4-button contact closure remote control pad for ATEN VP1420/VP1421 Presentation Matrix Switches
- Easy connection via contact closure; no extra power source required
- 4-pole captive screw connectors for ease of installation
- LED lights for port selection status indication
- Engraved buttons for intuitive port indication and operation
