FEATURES

The MinkeZ PA-M12 is a 12-inch passive speaker with **300W continuous power** and **600W program power**, designed for **live sound** and **public address systems**. Offering a **frequency range of 50Hz to 19kHz**, it delivers **clear, balanced sound** across a variety of environments. With a **nominal impedance of 8 ohms** and a **dispersion pattern of 90° horizontal and 60° vertical**, it ensures effective sound coverage.

Speaker Model	MinkeZ PA-M12
Speaker Type	2-way; full range / stage monitor
Enclosure	wooden
LF Driver	1*12"
HF Driver	1*1.5"
Frequency Range (-10DB)	70Hz-20KHz
Frequency Response (±3DB)	83Hz-18KHz
Dimension (H x W x D)	543*349*260 MM
Coverage Angle (H x V)	90° x 50
Net Weight	15KG (33pounds)
Sensitivity (1W/1M)	96DB (passive)
Impedance	8 ohms
Maximum Sound Pressure	131DB@1M
Rated Power	250W (continuos) 500W (program) / 1000W (peak)
Input Connector	NL-4x2
Hanging / Installation	Dual angle, 35MM pole socket
