

FEATURE

The **MinkeZ MCS-630V** is a premium **5" + 1.5" 2-way ceiling speaker** featuring a built-in **70V/100V transformer**. This smart transformer design minimizes line loss over long cable runs and enables easy parallel wiring for multiple speakers — perfect for distributed audio in hotels, schools, offices, and factories.

Equipped with a **coaxial speaker driver**, the MCS-630V delivers wide frequency response from **100Hz to 18kHz**, providing crisp, balanced sound for background music and clear paging. With selectable **power taps (3.75W, 7.5W, 15W, and 30W @100V)**, you can match speaker output to room size and system design requirements.

Designed for simple and secure **flush-mount installation**, it comes with a durable ABS baffle, metal grille, and sleek white finish that blends into any ceiling. The integrated crossover ensures hi-fi sound quality with minimal distortion.

Model	MCS-630V
Power Taps@100V	3.75W, 7.5W, 15W, 30W
Power Taps@70V	1.9W, 3.75W, 7.5W, 15W, 30W
Transformer Impedance	Black: Com Rod: 2.7kΩ/1.3kΩ/670Ω/330Ω/165Ω
Input	70V/100V/8Ω
SPL (1W/1M)	89dB
Max. SPL (Rated W/1M)	106dB
Frequency Response (-10dB)	100~18kHz
Finish	Baffle: ABS, White Grille: Steel, White
Speaker Driver	5"x1 1.5"x1
Cutout Size	210mm
Dimensions	240 x 155mm
Weight	2.1KG
Mounting	Flush-mount dog ears
